SBNZ High Performance Culture

As a team we aim to be;

- A team of individuals working together to achieve our dreams
- Supportive of each other – as one of us succeeds we all benefit
- Prepared to make the tough decisions related to performance
- Honest with each other

As a programme;

- We aim to build strong relationships with our skaters, families and the wider community
- We will guide and support our High Performance skaters to own their campaign and develop the courage and skill to make decisions based on what is right for them
- We aim to support the individual's performance needs at their level and stage
- We aim to offer open, relaxed, compassionate communication
- We will provide clarity to our HP community related to funding, selection, opportunities and how the HP programme works
